

COSTS FOR PARTICIPATING IN THE GREEN KEY PROGRAMME

1. In countries with a Green Key National Operator

The countries with a Green Key National Operator (<http://www.greenkey.global/national-offices/>) decide on the costs for participating in the Green Key programme at the national level.

Please consult the website of the national Green Key programme or contact your Green Key National Operator for information about participation costs.

2. In countries without a Green Key National Operator

Green Key International is in charge of handling applicant establishments in countries without a Green Key National Operator (we will use local on-site auditors, where possible).

Green Key International has the following participation costs in 2017 and 2018:

Hotels	Levy: €1000 (payment annually) + Audit cost: €500 + travel costs (payment in year 1, 2, 5 and then every three years)
Campsites and Holiday parks Conference centres	Levy: €750 (payment annually) + Audit cost: €500 + travel costs (payment in year 1, 2, 5 and then every three years)
Small accommodations Attractions Restaurants	Levy: €500 (payment annually) + Audit cost: €500 + travel costs (payment in year 1, 2, 5 and then every three years)

The payment of the levy and audit cost is normally done ahead of the first on-site audit.
